SARATOV – AGRO FIELD DAY 2012

9 – 10 August, 2012

"Saratov-Agro" - an integrated agro-industrial forum aimed at solving problems in agricultural sector.

For the first time "Saratov-Agro" will be held in the Research Institute of Southeast, near the Saratov city.

“Field Day” is the most successful format for the agricultural forum. All variety of agricultural equipment and machinery can be present to a target audience; in fact, it allows opening its fullest capacity.

The organizational structure of the exhibition consists of two parts: an exposition and congress.

Exhibition part form agricultural enterprises of the Saratov region, as well as enterprises form other regions and countries that represent all aspects of agribusiness.

The congress will deal with topical issues of development of agriculture in the Saratov region and beyond its borders. This will create a platform for sharing experiences, promoting and introducing modern technologies and innovations in agriculture.

VENUE: Exhibition Center "Soffit-Expo", Saratov, Russia.
